## ACQUAINTANCE OF BURNING NEGRO.

**Tucson Man Arrested on Charge of Battering Victim in Burlap and Applying the Torch.**

**TUCSON (ARIZ.) May 19.**—Charged with having seriously burned an aged negro "as a joke," E. B. Higgins was arrested here today and lodged in jail.

Higgins was taken into custody after Wiley Box, a negro born before the Civil War, was found in a serious condition in a room where he said he had lain helpless for three days following the perpetration of the alleged crime.

Box declared that Higgins had bound him in burlap, poured alcohol over him and then set the helpless human bundle afire. He was removed to a hospital where little hope for saving his life was expressed.

**TIE ACROSS THE RAILS.**

**Attempt to Wreck the South Bound Oregon Express of the Southern Pacific a Failure.**

**SACRAMENTO, May 19.**—A telephone message from Dixon, Solano county, today was made by unknown persons to wreck Southern Pacific passenger train No. 16, the southbound Oregon Express, at 11 o'clock last night at a point midway between Dixon and Batavia, just below the Porter crossing. The attempt was a failure.

No harm was done and no one was injured, although the sudden stopping of the heavy train gave the passengers a shock.

A railroad tie had been placed across the rails of the track.

It was learned that two men had been put off No. 109 at this station a short time before and it is thought they may have sought to derail a train out of revenge.

**JOHNSON PARDONS YEE FOO.**

**GOVERNOR DECIDES CHINAMAN SERVING LIFE SENTENCE FOR MURDER IS INNOCENT.**

**SACRAMENTO, May 19.**—Yee Foo, Chinese convicted in Fresno as a result of a shooting scrape incidental to a tong war, and sentenced to a life term in Prison for murder, has been pardoned by Gov. Johnson. Yee Foo has served five years in prison, and after an investigation Gov. Johnson became convinced that the evidence on which he was convicted was very scanty. Recently additional evidence had been procured indicating that Yee Foo was innocent.

**HIT BY STRAY BULLET.**

**Maryville Woman Is Injured by Shotgun Shell Fired at Electric Globe by Vandals.**

**MARYSVILLE, May 19.**—Alice Lane, who resides near the corner of Twelfth and Ramiro streets in this city, was struck in the back by a stray bullet supposed to have come from a rifle used to shoot out electric globes and insulators in that section.

Lane and her neighbors were at a loss to account for the accident at first, but later discovered that the bullet had come from a rifle used to shoot out electric globes and insulators in that section.

**BOASTER SENT TO PRISON.**

**Testimony of a Graphologist That Forger Didn't Write the Check He Says He Wrote, Fails to Save Him.**

**SAN FRANCISCO, May 19.**—William Brumley, alias William Anderson, a forger who boasted that in fifteen years he has swindled banks from the Atlantic to the Pacific out of more than \$150,000, was sentenced today to ten years in the penitentiary.

Brumley swore during his trial that he had forged a check which James E. Hunt, a broker, was charged with having cashed. The cashier who honored the check was unshaken in his assertion that Hunt had presented the check for payment and jury refused to believe Brumley's story.

Today, Theodore Kytko, a handwriting expert, reported that the check was not written by Hunt.

While awaiting sentence, Hunt has appealed for a new trial.

**SANTA BARBARA MATRON DIES.**

**Aged Woman Succumbs to Heart Failure in Bathroom While Visiting in Tacoma.**

**TACOMA, May 19.**—[Exclusive Dispatch.] Mrs. Isabelle Barr, aged 62, was found dead in the bathroom at the Robert Burns residence, Union avenue, late Saturday night where she had retired a short time before in the best of health. Death was due to heart failure.

Mrs. Barr arrived very recently from Santa Barbara, Cal., her home. She was paying the Burns family a short visit. Fifteen minutes before she was found Mrs. Barr had been joking with Mrs. Burns. She had completed her bath and was evidently ready to return downstairs.

Mrs. Barr is survived by two sons and two daughters, three of her children living at Chicago and one at Peoria. The body goes to Chicago.

**PIONEER BANKER DIES.**

**Harrison M. Le Baron of Santa Rosa, Ex-Legislator, Succumbs to Complication of Diseases.**

**SANTA ROSA, May 19.**—[Exclusive Dispatch.] Harrison Melvin Le Baron, a pioneer banker of this county, who represented this section in the Thirty-third Legislature as an Assemblyman, died here this afternoon. Last week Mr. Le Baron had his left eye removed, pneumonia developed, heart complications ensued, and death resulted. Deceased was born in Hadley, Can., and settled in Sonoma county almost half a century ago. He established the Dairymen's Bank of Valley Ford, and was its cashier, and later president, until his death. Le Baron leaves six sons, one brother and two sisters residing in this State. He was a member of the Masonic Fraternity and the Elks.

**Oakland Man Dies of Wound.**

## DEMOCRATS CALL HUNT A FAILURE.

**Arizona Governor Backed Up Against the Wall.**

**Must Make Good With People or Be Shot.**

**Wants Whims and Vagaries Indorsed at Polls.**

**[Special Correspondence of The Times.]**

**PHOENIX (ARIZ.) May 19.**—When the Arizona Legislature adjourned there was hope that politics and legislation at last had been dismissed and that business might have a chance till the next biennial time of political disturbance. But this peace is not to be for there is going to be politics galore the rest of this year, and, without mention of a few prohibition tests, it is probable that this fall will see some of the prettiest political scrapings ever known in the Sun-Kissed Land, starting over the latest innocent matter of the failure of the Legislature to pass a good roads bill and permitting the interpolation of the fight between the progressive and stand-pat wings of the Democracy.

The latter at last seem to have determined to make an active fight against the Governor, something indicated by a bitter editorial in the Phoenix Democrat, the old-line Democratic organ, in which Hunt is declared a failure and is invited to resign. Something in the way of a counter for this attitude of opposition is a suit lately filed in Phoenix against the Democrat, in which Corporation Counsel Joseph McDermott declared himself injured to the extent of \$50,000 through the political utterances of that paper, covering his administration of office. In all of this is mixed up a row within the Corporation Commission itself, in which Jones alone appears to represent the Progressive Democratic wing. Jones has claimed that his conference have been a bit too easy with the railroads and in this view he was supported by a petition of Phoenix merchants, who, however, got scant consideration in the Legislature.

**GOVERNOR IN DEFENSE.**

It is understood that the Governor will at once start a campaign of education and will go directly to the people in defense of his policies, leading up to submission to a referendum vote of a proposed bill against capital punishment, for which petitioners now are being generally circulated. He proposes to place in the hands of every voter a copy of his veto message of Friday addressed to the Legislature on the occasion of returning the Penal Code disapproved. The Governor has the courage of his convictions and has good fighting ability, coupled with long experience in politics, so the battle promises to be most interesting.

Saturday the Governor visited the anti-alien ownership land bill, despite the protests of a delegation of Japanese, who waited upon him with an interpreter and solicited his aid. The Governor advised the petitioners that recourse might be had by them to the State Supreme Court or to referendum vote. The measure, however, is no worse than the statute on the subject before in effect in Arizona.

**MINES TAX BILL.**

The mine tax bill was one of the few measures passed in the last days of the legislative session, raising the assessment of Arizona mines from \$48-145,000 to about \$131,000,000, much as the valuation of property generally in Arizona this year is to be about double the mining companies have made no objection to the mine tax, but a mine valuation upon four times the net product, plus 12 1/2 percent of the gross product. Senator Wood tried to put the same system of valuation upon the farms of the State, but was voted down as frivolous.

Very general regret is felt over the failure of appropriations for the California expositions. Latterly there seemed a chance for a grant of \$50,000 for San Francisco and \$25,000 for San Diego, but both lost through the opposition of members determined to spite the southern city. Senator Worley was especially active in this.

Oratorically stating he believed San Diego's claims were "a piece of monumental audacity." Repeatedly he used the word "sassy" in referring to San Diego and to its fair and stated that the referendum would be invoked against any appropriation that might be made in San Diego's behalf.

**COUNTY DIVISION BILL.**

The county division bill was one of the most important measures that passed; setting definitely the manner of continuing the separation fights that have been made in this and every prior Arizona Legislature. Hereafter such matters are to be settled at an election initiated by at least 15 percent of the voters and sustained by at least 60 percent. Bisbee and Douglas will at once move to secure from Tombstone the county seat of Cochise county.

A measure killed was to pension widows on a scale raising to \$30 a month, contingent upon the number of children attached. But defeat in the House was by the bare margin of only one vote.

Also to the discard went a bill providing Arizona corporations be automatically dissolved whenever annual registration fees were not paid. It now costs about \$75 to secure the dissolution of an Arizona corporation, which may be organized for about \$50.

**MEASURES PASSED.**

Most of the bills passed were included within the Civil Code. Other measures of relative importance securing the Governor's approval were: Permitting municipalities to increase their bonded indebtedness to 10 percent of their assessed valuation, for the special benefit of flagstaff and water supply; requiring checks for labor claims to be drawn upon banks within the State; the raising private car lines; establishing municipal abattoirs; authorizing the selection of 1,000,000 acres of State lands under a special Conservation grant for re-payment of debts incurred by Maricopa, Yavapai, Coconino and Pima counties in subsidies for railroad lines.

Among the many measures that failed were: establishing an eight-hour day for the employees of public service corporations; paying convicts for work on roads; requiring the appointment of the Corporation Commission as agent for all outside corporations doing business in Arizona; creating a State Department of Reclamation; au-

thorizing issuance of \$20,000,000 in bonds for use in the reclamation of arid lands; compelling railroad operating in Arizona to maintain general offices within the State; abolishing the State Senate; creating State sawmills, smelters, etc., authorizing farm loans; regulating the hours of drug clerks; authorizing the destruction of liquor stocks seized in dry zones; sending two companies of the National Guard to San Francisco; appropriating \$2000 to send veterans to the Gettysburg celebration. The Governor still has a number of bills on hand and has ten days in which to consider them.

**MAY SAVE OPPENHEIMER.**

**Lawyer Expects to Keep Him from the Gallows by Carrying Case to Supreme Court.**

**[By A. P. Wire to The Times.]**

**SAN FRANCISCO, May 19.**—The United States Supreme Court will hear the case of Jake Oppenheimer, the dungeon convict who is under sentence of death for the murder of a woman today for allowance to appeal to the highest tribunal.

Ringsby will go before the court at Washington on motion for a writ of error, contending that Judge Van Fleet erred in refusing to grant Oppenheimer a writ of habeas corpus because of a prior conviction.

The attorney takes the position that the law which was applied in Oppenheimer's case was retroactive, having been designed to punish a crime already committed. The law makes it a felony, punishable by death, for a convict to assault a free man or fellow prisoner in an attempt to escape from a prison. Oppenheimer was convicted and sentenced to die for cutting another convict with a knife. The condemned man killed two men while in prison.

**TO SIFT POLICE TANGLE.**

**Mayor Ralph of San Francisco Will Take a Hand in Graft Scandal Inquiry.**

**[By A. P. Wire to The Times.]**

**SAN FRANCISCO, May 19.**—Following the announcement of Captain of Detectives John McQuinn that he courted the full inquiry by the grand jury into the conduct of the police department, that the weight of "outside" influence on the over-riding commands by "higher-ups" may be determined. Mayor Ralph said today he would confer with the Police Commission and sit the tangle to the bottom.

Capt. McQuinn and Chief of Police will probably appear before the grand jury tomorrow. McQuinn, District Attorney Fickler today that while the general investigation is being prosecuted, he does not expect that some steps be taken to learn the workings of the system under which members of the department assigned to investigate the detective bureau are controlled.

**STATE RIGHTS AGAIN.**

**Question Arises in Senate Whether or Not the Nation Is Entitled to Investigate West Virginia.**

**WASHINGTON, May 19.**—After more than a week of debate, the Senate referred tonight to the Education and Labor Committee Senator Kern's resolution for a Federal investigation of conditions in West Virginia coal fields. Senator Kern announced on the floor before the vote was taken that the measure had been reached to refer the resolution and it was understood that the committee would report it out within a few days. It will then come before the Senate for final action.

Senators opposed to the resolution believed tonight that they had won a partial victory and that they had no reason to give up hope. One of the arguments made against the adoption of the resolution was that it had never passed through the hands of any committee except one which considered the expense involved. Some opposition has developed lately to her own citizens within her own ranks, and when the Labor Committee reports the resolution back, the fight against it may be continued with vigor. Friends of Senator Kern, however, were confident that he would have votes to spare on passage.

West Virginia Governor Says  
Militia Will Remain.

Remove Troops When Law

Declares Working Miners  
Demand Protection.

(BY A. P. MURPHY WRITING TO THE TIMES.)  
CHARLESTON (W. Va.) May 19.—Gov. H. D. Hatfield issued a signed statement today replying to criticisms of his policy in the miners' situation, made at a mass meeting in Wheeling yesterday by the Ohio Valley Trade and Labor Assembly. The Governor, in part, says:

"The militia will be relieved from duty when I am satisfied that law and order and when such characters as you and your co-workers cease to agitate. Who is the better judge of what is necessary to protect life and property, the man on the ground, or your organization 300 miles away? The miners who have returned to work want my protection, and have asked for it themselves. They are satisfied and working. The anarchy is not. They flourish when revolution and labor troubles are rife."

WANTS DUE TO RETURN.  
MEXICANS REACH SPAIN.  
(BY CABLE AND A. P. TO THE TIMES.)  
CORUNNA (Spain) May 19.—A Mexican detachment arrived here today on board the steamer, Espiranga for the purpose of trying to persuade Gen. Porfirio Diaz, the former Mexican President, to return to Mexico and undertake the government of the country.

THE SENTENCE.  
After sentence of death had been practically pronounced upon him two days ago, Mr. Walker calmly set about arranging his worldly affairs. His remarkable nerve and fortitude have amazed the physicians who say these qualities alone have carried him thus far. They are now exerting themselves to prevent droopiness and inertia, resulting in these symptoms the close approach to the end. Even if he survives, it is said he will never regain his former vigor.

SHOUTS FOR HIM.  
This morning there was a line of over 500 persons gathered in front of the house hoping to obtain a glimpse of the man who stands on the brink of the grave and knows it. Once he came to the open window and looked out and there were tremendous shouts from the crowd. The physicians this afternoon ordered Walker to bed, to refrain from talking and to endeavor to sleep. All persons were denied admittance except his wife and child. The entire city is deeply interested in the Walker case. In all drug stores and at soda fountains bulletins on his condition are posted. Special services will be held tomorrow at noon at the First Baptist Church of which he is a member.

tion of his precarious condition and is able to take a little nourishment, although his throat gives him pain when he talks much. He is thoroughly conscious.

Until yesterday Mr. Walker did not feel that he was going to die and repeatedly declared that he was going to get well. However, he was advised to expect the worst and then he calmly resigned himself to what seemed to be his fate. Tonight he is reported as being greatly improved. It was feared that Mr. Walker's kidneys had been so affected by the poison that they were permanently paralyzed or congealed, but today there was a manifestation which leads the doctors to think there is a chance for him.

PRAYERS FOR HIM.

In practically all of the churches yesterday in Macon, Catholic and Protestant, prayers were said for Mr. Walker's recovery. His pathetic case was also commented upon from several pulpits during the course of the services.

THE RAY OF HOPE.

The first ray of hope came in a telegram from a nurse in New York who cited a similar case and said it had been cured by giving the patient great quantities of olive oil and forcing copiousness.

Acting on this suggestion, Mr. Walker is wrapped in hot blankets constantly and his system is being flooded with olive oil. Telegrams had been sent to every large hospital and specialist in the United States asking for advice but until the nurse was heard from, all had replied that there was no hope.

Mr. Walker is but 32 years of age and worth approximately a million dollars. He is very popular and his battle with death is exciting attention all over the country. Physicians say he suffers no pain except that of a mental nature.

Some idea of the potency of the tablet of bichloride of mercury, which he swallowed in mistake for aspirin, may be gained when it is known that one of these tablets is diluted in two quarts of water for external purposes.

Mr. Walker has not had any nourishment since last Thursday and water has been given him only by injection in the veins. He is not allowed to see any friends and only a few of his relatives have seen him briefly. Today a policeman was stationed in front of the residence to prevent any noise in the immediate vicinity. His family and friends tonight expressed the hope that there is a good chance for his recovery.

THE SENTENCE.

After sentence of death had been practically pronounced upon him two days ago, Mr. Walker calmly set about arranging his worldly affairs. His remarkable nerve and fortitude have amazed the physicians who say these qualities alone have carried him thus far. They are now exerting themselves to prevent droopiness and inertia, resulting in these symptoms the close approach to the end. Even if he survives, it is said he will never regain his former vigor.

SHOUTS FOR HIM.

This morning there was a line of over 500 persons gathered in front of the house hoping to obtain a glimpse of the man who stands on the brink of the grave and knows it. Once he came to the open window and looked out and there were tremendous shouts from the crowd. The physicians this afternoon ordered Walker to bed, to refrain from talking and to endeavor to sleep. All persons were denied admittance except his wife and child. The entire city is deeply interested in the Walker case. In all drug stores and at soda fountains bulletins on his condition are posted. Special services will be held tomorrow at noon at the First Baptist Church of which he is a member.

(BY A. P. MURPHY WRITING TO THE TIMES.)  
WASHINGTON, May 19.—An order was issued by Postmaster-General Burleson today directing that postmasters refuse to pay money orders issued and after May 25 at any post-office in Mexico unless they have received the corresponding address previously indicated by the Huerta postal administration with a special stamp reading: "Visador Por la direccion general de correos de Mexico, D. F."

When payment is thus refused, the instructions say, the holder of the order should be advised to return it to the sender. The order is in pursuance to an agreement entered into between the American and Mexican postal departments.

YEARS GIVE UP  
SPOIL OF WAR.Bible, Taken on Battle Field,  
Now Returned.Shares Strange History With  
Two Locks of Hair.Its Record of Dozier Family  
Will Settle Estate.

Captured by a northern soldier from a southern soldier, an old family Bible, a lock of brown hair, a lock of fair hair—the brown hair that of a wife, the fair hair that of a baby whom her soldier father never saw—for she was born and died after he went away to the war. These, with their curious history, are all that remain of a little cross-section of war drama played out on the battlefield of Salter's Creek on April 6, 1865, when two soldiers, one of the blue, the other of the gray, met and clinched in a hand-to-hand encounter in one of those grim last days. The relics were returned yesterday to their rightful owner, Melville Dozier, assistant superintendent of schools in this city.

The northern soldier was Joseph Kinyon, the southern soldier William Gaillard Dozier—brother of Melville Dozier—who died nine years ago. The story is all told in fragments of old letters and newspaper clippings.

At first the northern soldier, filled with hate of the rebels, rejoiced in his spoils of war. Then he put them away and forgot them. One day, five years ago, going over the old kit and belongings of his war days, he came upon the Bible, yellow and musty, containing the lock of brown hair and the lock of fair hair, that he had looted from the enemy that spring morning. His conscience smote him. All the old rancor had melted, and he would look for the owner. All those years he has been searching. On the very day he began looking the man for whom he searched died. At last, the other day, through a newspaper clipping falling into the hands of Richard D. Lee, himself a war veteran, and an attorney of Sumter, S. C., and a friend of Prof. Dozier's, the Bible was returned to the family. The most remarkable fact connected with the whole affair is that the Bible turned out to contain family records of great value to Prof. Dozier in piecing together the family history and straightening out the matter of legacies recently left the nine Dozier brothers.

## UNFEELING AND CRUEL.

Suspicious Federal Authorities  
Won't Let Slippery Lyman Out of  
Jail Even to Get His Teeth Fixed.

Dr. John Grant Lyman, of Panama Development Company, notorious, is a much disgruntled person. After having made three desperate attempts to escape from custody, one of which was successful enough to give the officers a long, hard chase for him, Dr. Lyman is unable to see why his jailers do not trust him. He appealed to Chief Clerk Bittel of the United States Marshal's office to let him out yesterday long enough to go to the dentist and have his teeth fixed. He seemed quite peevish when curtly informed that if his teeth needed attention they would get it with their owner still behind the bars. Lyman was not even allowed out of his cell long enough yesterday to listen to the arguments on his lawyer's demurrer to the three indictments which charge the wily promoter with using the mails to defraud. He was represented by ex-Judge Donovan, former Attorney-General of Montana, and United States District Attorney Regan appeared for the government. Another effort will be made Monday to have Lyman's \$25,000 bail reduced. It has been kept at that figure because of the prisoner's reputation for elusiveness.

## THE PIGS THEY SQUEAL.

Three Blind Ones Raided of a Sunday and Barrels of Lager Refreshment Seized as Evidence.

Deputy District Attorney Keatch and Detective Louis Duni raided three "blind pigs" Sunday. They returned laden with spoils. The proprietors gave bail in \$250 for subsequent appearance before Justice Northrup in Alhambra.

The first place visited was the club in Newhall, conducted by Nick Rivers. Here the locker system was maintained with the name of "members" on the lockers.

The Ayres Gun Club at Saugus was raided and all its liquid stores taken away by detectives despite the agonized wails of the "hunters," who were having a fine time when the officers arrived.

The Lancaster Club was also visited and seven barrels of beer, wine and whiskey seized.

HISTORIC FIGURE  
LOST TO STATE.ONE OF CALIFORNIA HUNDRED'S  
FEW SURVIVORS DEAD.

Capt. James Wheat, of the First Company to Go from Golden State in the Civil War, Mustered Out in This City After Long and Useful Life Here and in East.

Almost the last survivor of the California Hundred, the first company from this State to go to the front during the Civil War, Capt. James L. Wheat died yesterday morning after a brief sickness at his home, No. 174 South Bonnie Bree street. He was 73 years of age.

Between his first residence in California, which was from 1848 until the outbreak of the war, and his return hither in 1892, he was in business in Illinois and Wisconsin. His early boyhood was spent in New York State. He was born in Bridgeport.

For the past fifteen years he has been a resident of Los Angeles. Prior to that time he lived in Ocean Park, where he was a justice of the peace and City Recorder. He was a member of Stanton Post, G.A.R., the Military Order of the Loyal Legion and of the Masonic order. His qualities were such as to endear him to a wide circle of friends throughout most of Southern California.

He leaves a widow, two sons, Walter R. and Albert C., and two daughters, Miss Edith Wheat and Mrs. Arthur Waterfield, all of this city. The funeral services will be private.

## ENACTED IN JAIL.

Wife Sleeps There for Protection  
and Husband Is Served There With  
Divorce Papers.

Mrs. G. W. Sheasby, wife of a Long Beach building contractor, who appeared at the Central Police Station late Sunday night and asked for protection against her husband, yesterday filed suit for divorce, having remained Sunday night in the matron's department. The husband appeared at the station before his wife had left yesterday and while talking to Capt. Murray's relative child, wife and child, was served with a restraining order issued by Superior Judge Wood, and also with papers in the divorce action.

Mrs. Sheasby told the police she is afraid of him to her baby and herself. The husband was arrested about a week ago on a charge of having exhibited a deadly weapon at the home of his father-in-law, A. Roberts, No. 609 Gramery place, where he had gone to get his child. A dispute arose over the possession of the baby. Sheasby is alleged to have drawn a pistol. He was arrested and subsequently sentenced to a suspended sentence of \$20 or twenty days in jail.

According to the story told by Mrs. Sheasby, the husband threatened her and husband has not been one of joy. Recently, she says, conditions grew worse and she began to fear for the safety of herself and child. The restraining order and divorce action instituted yesterday are made returnable next Monday morning. In the meantime, the wife will make her home with her parents, the husband being restrained from interfering with her or the child pending a further order of the court.

## Laid on Him.

"GOLD-BRICKER" RIAL  
CONVICTED BY JURY.

LEE RIAL, bunco artist, who as a member of the "awinders' syndicate" was charged with having "gold-bricked" a victim out of \$5000, was convicted last night as the jury had been out more than three hours.

The case in which Rial was charged with having obtained the \$5000 from G. P. Priess, an Illinois farmer, by means of a fake poolroom and an imaginary horse race, went to the jury in Department Twelve at 4:30 o'clock yesterday afternoon.

Attorneys for the defendant made a motion for a new trial. Judge Finlayson will pass sentence Friday. Rial faces a term of ten years' imprisonment.

Rial is supposed to have been a member of a gang of confidence men who operated in many Pacific Coast cities. There was nothing in the evidence to show that the police knew of the presence of bunco men in town or that any detective co-operated with the men.

Though a great stir was made at the time of Rial's arrest, he is the only member of the gang—supposed Dr. L. O. Wilcoxson is to be included—who has been arrested and successfully prosecuted. A private agency employed a special prosecutor to help in the case, though the actual court work was done by Deputy District Attorneys Shannon and Blair.

The trial lasted about a week. The defense, represented by Attorneys Horton and Appel, sought to show that the witnesses for the State willfully violated the law against gambling and betting and hoped to get a handsome return by "beating the races."

SILVER-HAIRED  
COLLEGE GIRLS.Eleven Meet Again After  
Over Half Century.Youngest Now Sixty; Oldest  
Is Seventy-five.Seven Grandmothers; Alma  
Mater's Long Dead.

Eleven women, the youngest of whom is 60 and the oldest 75, and seven of whom are grandmothers met yesterday afternoon at the home of Mrs. Emma Hart Wright, No. 344 St. Andrews place, for the first time since their school days together at the Ohio Female College of Cincinnati, during the Civil War.

The guest of honor was Mrs. Anna Cary Henderson, a graduate of the class of 1862, and daughter of F. G. Cary, founder of the institution. Her home is in Cleveland and she is here visiting her son, W. G. Henderson of No. 244 West Fortieth place. Mrs. Wright, the hostess, graduated in 1867. These were the other "college girls" present.

Mrs. Florence Baird McCarty, '66, Trebor apartments; Mrs. Mary Stevens Dunn, '63, No. 151 South Fremont avenue; Mrs. Mary Ayers Kellogg, '66, San Bernardino; Mrs. Libbie Emerson Marble, '66, No. 1251 Figueroa street; Mrs. Maud A. Wright, '67; Mrs. Anna C. Henderson, '62; and Mrs. Maud A. Brooker.

College girls of fifty years ago

Reunited for the first time yesterday at the home of Mrs. Emma Hart Wright, in this city. Seven grandmothers were among the eleven women who were classmates during the Civil War in an Ohio college that closed its doors thirty years ago. In the top row, from left to right, are Mrs. Libbie E. Marble, Mrs. Florence B. McCarty and Mrs. Mary A. Kellogg, all graduates of the class of 1866; second row, Mrs. Elizabeth B. Grandin, Mrs. May S. Wright, '67; Mrs. Anna C. Henderson, '62; and Mrs. Maud A. Brooker.

nold Brooker, Artesia; Mrs. Lella Harberson Tomb, No. 2117 West Adams street; Mrs. Elizabeth Blair Grandin, No. 1234 Key West street; Mrs. Sarah Louretta Blaisdel Mason, Santa Fe Springs, and Mrs. Mary McClay Hartwell, No. 435 West Seventeenth street.

The educational institution around which the memories of the women center closed its doors thirty years ago. The buildings now house a prosperous sanatorium. Mrs. Henderson said yesterday that the school drew much of its patronage from the south and that it could not survive the ill effects of the Civil War.

Mrs. Wright's collection of school catalogues, programmes of entertainments given by the Hesperian and Somerville literary societies, a silver napkin ring, her diploma and other relics of college days were viewed with much interest by the guests. The napkin ring was a gift to Mrs. Wright by Mrs. Hartwell, one of the guests, when they were classmates.

"Be still, girls," Mrs. Wright exclaimed, "while I tell you about this napkin ring. Mary gave it to me while we were in school. This relic escaped a fire. The night that the dormitory burned, a thoughtful waitress scraped the silver into a bucket and carried it out in the yard. Later I fished it out of the pile and saved it."

The elderly women eagerly leaped the gulf of years back to the days when they were schoolgirls. The animated conversation of the afternoon was replete with such expressions as, "That dear professor," "Don't you remember that examination in math?" "Have you forgotten him?" "Don't you remember her?" "On the campus," "Commencement."

"We were there studying our lessons while the country was trembling under the shock of the Civil War," Mrs. Wright said. "Our dear memories of the college days include the recollections of our hours of terror when we waited for news from the battles."

The nucleus of the alumnae association was formed by Mrs. Wright, Mrs. Hartwell and Mrs. Dunn. The two latter met after they had joined a missionary society in Immanuel Presbyterian Church, to which both belong. Mrs. Hartwell had previously located Mrs. Wright.

A letter of greeting was signed by all of the women present at the gathering yesterday to be read on the 25th inst. at a reunion of the graduates of the Ohio Female College to be held at the Hotel Alms in Cincinnati. Before the women parted yesterday they gave three cheers for "Dear old O. F. C."

## CLEAN BILL FOR OURS.

San Francisco Deputy District Attorney Satisfied of Local Detectives' Integrity—Here for Evidence.

Evidence material to the prosecution of alleged graft charges against members of the San Francisco police department was obtained here yesterday by Deputy District Attorney Brennan of the Bay City, who interrogated several witnesses at Central Police Station. According to Brennan, records of the local police department will be used as evidence in the prosecution of the eight San Francisco detectives against whom indictments have been returned.

"While I do not care to say just what the result of my investigation here has disclosed," Brennan said, "I do feel at liberty to state that several witnesses living in Los Angeles will in all probability be subpoenaed by the prosecution in this case. I have talked to Detectives Hosick and Ingram, and also to Mrs. Bertola or Pasquini, and these three probably will be used as witnesses. Everyone here has shown a disposition to be of service to us and I will say frankly that the result of my investigation so far reflects no discredit on the Los Angeles police department."

Deputy District Attorney Brennan was closeted several hours yesterday with Chief of Police Sebastian and subsequently various members of the department who were more or less active in the arrest of Pasquini and Gallo were questioned. Mrs. Pasquini, or Bertola, at the request of the San Francisco official, was also brought to the Central Station, where she talked to Brennan. Following his numerous conferences the Deputy District Attorney merely said that he was here gathering up the loose ends of the evidence obtainable against the men indicted in his home county by the grand jury. He appears to think the case against these men a strong one and predicted a conviction in each instance.

Named by Conference.Efficiency Is Made Motto of  
Entire Organization.Enthusiastic Cheers Greet  
Standard Bearer's Name.

One hundred and fifty enthusiastic members of the Women's Conference Campaign Committee, pledged to active precinct work, and determined to insure for Los Angeles an administration of efficiency, honesty and decency, yesterday afternoon cheered every mention of the name of John W. Shenk and listened with approval to the straightforward talks made by Albert Lee Stephens, candidate for City Attorney, and by J. S. Conwell, F. C. Langdon, Alexander MacKellan, H. Z. Osborn, John W. Snowden and H. F. Vollmer, Municipal Conference candidates for Council.

Mrs. Frank A. Gibson presided at the meeting, which was held in the Garland building. She urged the prime importance of precinct work and the organization of each voting district in order that the full strength may be polled for the ticket on June 3.

HOLLYWOOD'S CHANCE  
FOR YELLOW CARS.

AS THE outcome of a meeting of the Hollywood Board of Trade last night, held at the public library and attended by Commissioner McReynolds of the Board of Public Utilities and Councilman McKenzie, petitions will be started at once in the interest of having the car service of the Los Angeles Railway extended to that section of the city.

Mr. McReynolds had a plan definitely worked out, showing that the yellow cars are almost touching the doorsteps along the southern line of what was once the separate city of Hollywood, and yet giving no relief to the vast and rapidly-growing population that clamors for better car service and for a greater share in the benefits of the city, through transfer privileges.

He proposed the following extensions and asked the people of Hollywood to "get busy":  
Extend the Vermont-avenue line from First street, north to Sunset boulevard, a distance of 1.65 miles; the Hollywood line, from Melrose avenue, north on Normandie avenue to Sunset, a distance of one mile; the Western-avenue line, from Melrose avenue to Sunset, a distance of one mile; the Melrose line, west from Larchmont to Vine street, one block; thence north on Vine street to Sunset, a total distance of 1.15 miles; connect all with a line on Sunset boulevard from Vine to Vermont, a distance of two miles, making a total distance of 6.4 miles.

This is his plan for immediate relief and Councilman McKenzie seconded the suggestions by saying:

"I think it's up to Hollywood to get busy if they want the yellow cars. They can have them if they ask for them. The Utilities Board has the power to have the extensions made if they find the money in the treasury of the railroad to do the work, and it's up to you how soon you want the service. Get up your petitions at once, asking that the franchises be granted."

Great enthusiasm greeted the positive words of McKenzie, as well as the

announcement of McReynolds that nothing seemed to stand in the way except the failure to ask for the service, and the petitions will probably be started at once.

A further scheme for relief from the crowded traffic on Sunset boulevard by the cars of the Pacific Electric Railway was suggested by McReynolds. It contemplates the building of a trunk line over a private right-of-way from First and Hill streets to Temple and Vermont, a distance of three and one-half miles, by private capital, involving three tunnels and several small viaducts, and he gave it as his opinion that the money could be readily secured to finance the enterprise.

PREDICTS QUARTER-MILLION.  
"Seven years from now," declared Commissioner McReynolds, "will see 250,000 people living north of Wilshire and west of Vermont avenue, and you will need this trunk line to get to the business center of the city without delay. It will take real money and real action to do it, but it can be done if you all pull together. The car service will be needed and there must be a way to do it."

He further declared that an anti-socialist council nominees.

Special prices also are in force on scores of used Uprights and Players, all in guaranteed condition, some of them having been used only a few months.Reasons Why Our  
Prices on Used Pianos  
Are Lowest—  
Being Steinway Agents and selling Steinways at New York prices, we are not in a position to make big allowances on pianos taken in exchange on the purchase of new Steinways. In fact, in Steinway sales we allow on exchange pianos only about one-third to one-half of what most dealers usually allow on used instruments taken in exchange on their agency lines.

As dealers usually price such used pianos at what they have allowed on them, you must see how much cheaper it is to buy a used piano at The Birkel Company than elsewhere.

Gallant Cowboy Faces Trial as Result of His Aligned Effort to Protect Ranch Woman from Neighbor. Bob Wright, the cowboy and motion-picture actor who espoused the cause of Mrs. Clara Fee, a ranch woman, in the Malibu hills day before yesterday only to get himself arrested, was arraigned before Justice Forbes yesterday. His examination was set for tomorrow.

Wright said that he got a job at Mrs. Fee's place and when he learned of the quarrel between her and William Poole, who lives on a neighboring ranch, he determined to protect the woman.

He admits riding to Poole's place with three Indians following silently behind. He says the ranchman looked frightened when he was told to beware of continuing his quarrel with Mrs. Fee.

The complaining witness told the officers the cowboy threatened his life and that he still fears lest "something happen."

Material Errors in Deeds to Avalon Streets Causes Postponement of Supervisors' Hearing.

A large delegation of Avalon residents appeared in the Supervisors' chamber yesterday afternoon to hear arguments for and against incorporation of the Catalina Island resort. But the hearing was again deferred one week as Chief Deputy Hill discovered material errors in the deeds to the streets which were to be dedicated to the county.

The Banning Company has not taken any part in the controversy so far. The fight is between a certain contingent of the Freeholders' Association, who are supposed to favor former conditions, with two or three saloons and a table license for several restaurants. It is believed that the mistakes in the deeds to the highways in Avalon will be rectified by Monday, so the Supervisors will be able to approve proceedings calling for an election on incorporation.

## LUCKY LAND GRABBER.

Tip of The Times Gives Fortune to Victorville Man Who Files on Abandoned Claim.

Omega B. Nair of Victorville has been adjudged the first man entitled to enter the 160-acre tract of government land lying four miles from the line of the Santa Fe Railroad, in San Bernardino county, for which there was such a rush as the result of a tip in The Times a few days ago.

Nair has a holding in the vicinity of the land, but had no idea that it was subject to entry until he read the story in The Times. He says that one-half of the land is fine from an agricultural point of view. The other half consists mostly of washes filled with great stones, but he has planned to make it all arable. He will build a storage dam out of the stones and in the washes to gather the water during the rainy season, and conserve it for use during the summer.

He will at once begin work on the property and is of the opinion that in a short time he will have a \$5000 proposition.

in the billing and tabulating typewriter is attained through the latest Remington development—

the *Tabulator*  
Set Key.

This single key sets the Decimal Tabulator Stops for every variety of billing, form and tabular work. You simply move the carriage to the desired points on the paper and at each point strike the set key—that is all. Hand settings are avoided; all complications are eliminated. The setting of the stops is as quick and simple as the operation of the Tabulator itself.

The Set Key completes the work of bringing every act in the operation of the Tabulator within

the compass of the key-board. It makes the operation of the Billing and Tabulating Remington as easy and as simple as ordinary typewriting.

## VENTURE IN OIL

CAUSES LOSSES.

TWO STOCKHOLDERS PROTECTED BY POLICE MATRON.

Visible Supply of Sticky Stuff Stirs Tender Hearts to Action—Good Fairy Saves Youthful Adventurers. Fond Parents Pledge and Embrace Tearful Toddlers.

Once upon a time—all important events in the lives of wee folk date from "once upon a time"—two little playmates, Ethel and George, lived in stuffy apartments in a great city. They romped and were happy, for this was one of those rare apartments where dogs, not children, are barred. Ethel and George, aged 4 and 3, respectively, played house and were contented.

There came a time in their lives when the old order of things was changed. George's mother went up town and Ethel's mother was ill, and for once there was no one to say them nay when they wandered out into the big, broad street in front of their homes. Ethel was certain she could find the way back, and so, hand-in-hand, they wandered, their youthful senses beguiled by the wonderful vistas. Somewhere in this wonderful city there is a road which has recently been oiled and the black, sticky substance gleams in the sunlight in a fascinating manner. No grown-up in the world could have seen the wonderful possibilities in that freshly-oiled road, but Ethel and George did, and oh, how they revelled in it. Well, even the greatest joys can't last forever, and after plastering their little dresses and carefully dabbing sticky fingers in their hair, the adventurers sought new fields of pleasure.

At First and Broadway they became confused and stopped in the middle of the street. Now it so happened that a good fairy came along just about a minute before a heavy motor truck and snatched the two little ones out of danger. Miss Bertha Harris of No. 224 Boston street piloted the youngsters to safety and when she found they were lost took them to the police matron.

But no matron's room is like one's own home, and so Ethel and George wanted to go home. Now that was all right with the matron, but when she asked their names the little ones cried, and when she wanted to know where they lived they only knew that they dwelt with papas and mammas. Finally, after ever so long a time, the papas and mammas came for them. Now there is a strange thing about papas and mammas—those wee, bedraggled youngsters were picked up in loving arms and hugged and kissed, just the same as if they had just hopped out of a bath. Ethel was found to be Ethel Schuman, and George's other name is Gatsky, and they live with their parents at Temple street and Bunker Hill avenue.

Who Pitched No-Hit Game Yesterday Was a Baseball Castoff Two Months Ago—Recommended to Berry by Daley and Chech—Big Fellow Has Allowed Only Five Hits in Last Twenty-two Innings.

BY HARRY A. WILLIAMS.

Scrappy Mr. O'Rourke, a recently acquired asset, the Tigers should pick up a tap or two during their stay at home.

The Angels will play an engagement with Oakland this week. Dillon is taking over on the payroll with him, including Goodwin, the new infielder, despite the fact that the club is to be gone only one week. It sure looks like the Angels mean business.

Fifteen Home Runs.

Home runs are thriving in the south end of the circuit. Fifteen home runs have been scored in the present engagement started.

Two of these were apportioned out at Venice, while Washington Park is the home of the remaining thirteen. There are two reasons for the discrepancy. One, and the most potent, is the fact that six times as many games are played here as at the other end. Another reason is that "down there" the ball must be knocked over the inner barricade in order to symbolize four sacks, while here a poke inside the fence, if judiciously projected, will do the business.

Venice will have its share of homers in proportion to the number of games played there, for it has been demonstrated that it is not a physical impossibility to knock the ball over the inner fence. In fact, this obstruction is located at the right distance to make a home run a "thing of beauty and a joy forever." When a man pinks a ball over the hedge there you may bet assured that he earned his little old five pounds of smoking tobacco.

Two-homers, however, are likely to be the prevailing fashion in extra base hits at Mr. Maier's meadow, for it has been demonstrated that nearly every drive inside the lot which is not cut down to a single, goes for two bases, no more no less.

Leo Litich of the Tigers, and Ivan Howard of the Angels both dropped the ball over the inner fence at Venice, and in this respect stand alone in their class. These blows were the deciding factor in the two games. Howard beat Venice with a homer off Ed Hahnenstein in the fifth morning of April 6. One week later Litich lapped the ball into the automobile section in the seventh inning for the winning run against San Francisco. "Frosty" Thomas was the victim.

Here are the home runs hung up at the two local parks to date:

Ernie Johnson, Washington Park, April 2.

Herb Maggett, Washington Park, April 2.

Ivan Howard, Washington Park, April 3.

Battered Tigers Ready.

(Continued from First Page.)

was three weeks ago. His leg is very bad and he cannot cover any ground. Exit Roy, the mighty.

Kane is still suffering from a ball bone in his wrist. He is unable to bend the afflicted member. It is too bad wrist bones have to bend and bend bones don't, without casting reflections.

Louis Litich had his starboard duke walloped by a fast incurve and has been unable to do a thing with the valuable member since. He is to be laid off for at least a week, which announcement will probably bring much woe to the assembled clam-broth fans.

Of course, you know that Elliott and Tomsman are not with us in the flesh, though their several spirits are more than willing. Kraits, however, appears to have some of that "Crossing the Delaware" pep, and for this reason will likely carry the big load throughout the series.

TO USE SOUTHPAW.

It is a cinch that Hogan will use all his southside slingers in the coming dramas, as there is a superfluity of the same kind of batters, wearing the McCredie Blue.

While this is all going on, Mr. Hank Berry and Uncle Frank Dillon are forming their battle line for the Oyster Pines, on the latter's own water front. The coming series between the Oaks and the Seraphs is probably one of the most important of the season, thus far.

The Oysters are in second place and have a grand chance to clip the proud wings of the scolding Angels. Facing this Hank and Frank took every man and boy that could possibly wear a suit and has invaded the lot of the despotic Pirate Champ with small, but complete army. Behold!

REYERSON THE WINNER.

NEW YORK, May 19.—(By A. F. Night Wire.) Stanislaus Keyser, the Polish champion wrestler, defeated Ramano Casaux, Italian champion in two straight falls at Madison Square Garden tonight. The winner, it was announced, will be matched to meet Frank Gotch, champion of the world, some time before September.

LIVE NEWS GATHERED ON THE SOUTHERN LINKS.

BY ALMA WHITAKER.

AS F. OHLIVE WOOD is justifying her choice as the new captain of the women golfers at the San Gabriel Country Club it is the first play for the series of events she has lost no time in organizing, took place yesterday afternoon.

There was a complete flight of sixteen, which was divided into four flights of four. Miss Marion Clark, who recently did so well in the championship event, won the qualifying round with 104.

The first flight holds Miss Clark, Mrs. Seale, Mrs. Parley and Mrs. Hanson. The second flight holds Miss Halsted, Mrs. Clifford, Mrs. Marston and Miss Maddox. The third flight has Mrs. Bacon, Mrs. Maddox, Mrs. Geenen and Mrs. Lawton. The fourth flight has Mrs. Burns, Miss Iria Lawton, Miss Gwendoline Lawton and Mrs. Starr.

Mrs. Harry Kearne came down with a party from Riverside, which included Mr. Redmayne, Roy Holland and P. D. Hudson, but did not play in the tournament. She will, however, take part in the ladies' event on June 3 and 4.

Mrs. Clark played in the above flight tournament will continue next Monday, May 20. The women's invitation tournament begins on Monday, June 3. The first two days for women players only and Wednesday, June 4, for the mixed foursomes. In the mixed foursomes the San Gabriel Club will invite the women players from other clubs and the women members at San Gabriel will ask the men players from other clubs. Now then, gentlemen, be gallant and start throwing out hints that you would rather like to be the San Gabriel Club with Wednesday and not Monday is the day fixed, for that any party who proposes going to the Virginia for that weekend would have been rather overwhelmed with golf—mixed foursomes at that—immediately upon their return.

The Woodcock Cup.

H. N. H. Woodcock, captain of the San Gabriel Country Club's golf team, has donated two prizes for competition among the fourteen members of his team. This he assures them, with a fatherly pat, is in recognition of the fact that the Virginia is raising of the status of the team to third place in the league. "And I am proud of you, my boys."

Pairings for match play have been arranged by consent to give every player the best possible chance of success. The first round will be played on Monday, May 20, and also been subjected to a little revision. Amiable donor himself plays from plus 4. I observe, which sounds awfully conceded, but it all was probably prompted by the nearest possible motives, such as not winning his own cup.

In the second round George Cline, handicap 1, will play W. W. Bacon with 3. J. A. Bell, with 8 strokes, will play Walter Marx with 6. Conde Jones, from scratch, will play amiable donor, plus 4. Jack Howard, with 6, will play Harry Cole, with 2. Lee Farm-

Rah! Rah! Bull.

BY PAT MILLIKEN.

SOMETHING entirely new in the way of intercollegiate baseball will be attempted next Saturday afternoon, when an all-southern college team will meet the University Stars in the first battle of a three-spasm series.

The University Stars is a team composed almost entirely of former Stanford and California varsity men. They are not so far gone that they can't play ball a few. They have defeated every college team in the south with the exception of U.C.A.

The all-southern team will be chosen from the college teams of the south. This will make a team that ought to travel some over the fast route. Some of the best players who have ever played in the south will be seen on the team that lines up Saturday.

The first game will be played on Saturday, May 19, at the University of California. It is more than likely that the second game will be played on the Pomona diamond at Claremont. This will enable the fans at each college to see the games and also will give opportunity of picking an actual all-star team.

For the college men it seems likely at the present that Walk and Williams will form the battery. These two men have been in the big positions for the Tigers in all the southern games with other colleges. Capt. Seay and Harry Kirkpatrick also will be there in their old positions of second base and shortstop, respectively.

RABBIT LAW DEAD.

All sportsmen will be delighted to know that the law on rabbits has been repealed by the Legislature and it will now be lawful to shoot these things any time.
